Hello,

My request is being made under the Freedom of Information Act 2014. I wish to request access to the following records:

All correspondents concerning laptops, external hard drives or any electronic device belonging to your Department which have been lost in each of the past three years, and which contain personal information relating to members of the public, or businesses your Department has dealings with.

To be clear, I am seeking all records concerning the above matter, including when they went missing, and whether they were lost or stolen.

The records would also detail the type of personal data they contained (such as names, addresses, POPS numbers, financial information, medical records)

If you need to clarify anything I am contactable on _____ or by
email: _____

Regards,

Mark
