Subject: Re: Emigrant Support Programme

Hi again,

Further to conversation yesterday, please find a further change to the scope of this FOI:

Please can you provide me with:

1. Audits, assessments or reviews of the programme carried out since 2010 by external consultants or DFA's Evaluation & Audit unit, including the "Audit of grants awarded under Emigrant Support Programme" by ASP in 2015. I don't need this one which is publicly available.
2. Results of the most recent inspections related to this programme by the Evaluation & Audit unit (i.e. any inspections by the unit of funded organisations or of other elements of the programme itself). For any given organisation I am only looking for the most recent inspection.

Thanks and best regards,
Valerie
