Global Ireland: Ireland’s Strategy for the US and Canada 2019–2025

VISION
Ireland will inject new dynamism and ambition into our relationships with the US and Canada, and will double our impact in the region by 2025.

VALUES
Ireland will work with the US and Canada to promote our shared values, support international peace and security, promote and protect human rights and implement the Sustainable Development Goals.

CONTEXT
The “Global Ireland” Initiative aims for Ireland to double its impact and influence in the world by 2025. The widening and deepening of our unique relationships with the United States and Canada will be central to the achievement of this ambitious goal.

This strategy outlines the roadmap and milestones in relation to how Ireland will structure and focus its strategic relationship with the two countries over the period of the “Global Ireland” Initiative.

The US and Canada together are Ireland’s largest trading partner, with total two-way trade more than doubling in ten years from €53.7 billion in 2007 to €119.2 billion in 2017 (CSO). Our objective is to protect and develop this relationship, taking advantage of new opportunities including new EU trading arrangements, towards a value for trade, tourism and investment approaching 1 trillion USD by 2025.

---

1 2017 two-way trade in goods, services for US/Can: €119.2 bn ($135 bn); 2017 expenditure by US/Can in Ireland: €1.5 bn ($1.7 bn); 2016 value of US investment in Ireland: $387 bn; 2017 value of Irish investment in US: $147 bn. Combined value of trade in goods, trade in services, tourism and investment was over $670.1 bn in 2017 (note: Canada investment figures not included)
To deliver on the ambition of ‘Global Ireland’, and the vision for the region, the following five strategic objectives will be pursued:

1. Ireland will build strong, strategic political partnerships with the US and Canada and assume a lead role in building stronger transatlantic relations;

2. Ireland will build a mutually beneficial two-way economic relationship, approaching 1 trillion USD by 2025;

3. Ireland will consolidate, deepen and expand the extraordinary partnership with our diaspora in the US and Canada, doubling the impact of this collaboration in the period to 2025;

4. Ireland will double our impact by promoting our culture and nurturing our reputation across the US and Canada;

5. A strong Government-led Team Ireland will double its impact over the six years to 2025.
Ireland will build strong, strategic political partnerships with the US and Canada and assume a lead role in building stronger transatlantic relations.

We will:

» Double the impact of high-level visits by Government, with a programme of 30-40 visits annually, targeting more of these visits at new sectoral and regional opportunities; This will begin immediately;

» Take the initiative to support deeper and wider transatlantic ties at EU level to address key global challenges; play a lead role within the EU in supporting constructive dialogue with the US and Canada on shared international challenges;

» Engage with a new generation of political leaders in support of the Good Friday Agreement, North-South cooperation and reconciliation;

» Launch a new six-year programme of cooperation with the US Congressional Friends of Ireland with a Congressional Delegation visit to Ireland during the 2019 Oireachtas Centenary year.

» Support this with an ambitious programme of cooperation at state and regional level; Deepen Ireland-Canada parliamentary links;

» Initiate annual consultations with both the US and Canada beginning in 2019.
2

Ireland will build a mutually beneficial two-way economic relationship, approaching 1 trillion USD by 2025.

We will:

» Support and defend the mutual benefits of stable, open and ambitious economic relationships that already support 270,000+ direct jobs in Ireland, the US and Canada;

» Build on our EU advantage by developing the full potential of the EU-Canada Comprehensive Economic and Trade Agreement, and supporting the conclusion of an EU Trade Agreement with the US;

» Make it easier to travel, work and live in Ireland, the US or Canada, by opening new air routes, streamlining visa processing, securing new legal pathways to work and increasing the numbers availing of working holiday agreements;

» Invest in our reputation by implementing a new holistic, joined-up communications programme promoting Ireland as the outstanding and stable destination in Europe for investment, research, tourism, and supporting Irish companies in establishing and expanding their business in the region; education, particularly higher education, will be at the heart of our relationships;

» Convene a Government Strategic Advisory Group to identify opportunities and guide progress towards this objective.
Ireland will consolidate, deepen and expand the extraordinary partnership with our diaspora in the US and Canada, doubling the impact of this collaboration over the lifetime of the programme.

We will:

» Launch a new and ambitious Diaspora Policy in 2020 setting out ambitious targets for engagement with all Irish communities across the US and Canada, in particular young people;

» Support the holding of a referendum in 2019 on the extension of voting rights in Presidential elections to Irish citizens abroad;

» Prioritise promotion of the Irish language across the US and Canada;

» Support Irish Studies in North America, including through pilot programmes in kindergarten, elementary and high schools;
