The Parties hereby agree that The Department of Foreign Affairs will take the role of Lead Agency for the purpose of this Data Sharing Agreement.

Each of the Parties to this agreement are data controllers in their own right when processing personal data on their own behalf, for their own purposes.

1. Evaluation for a Data Protection Impact Assessment (DPIA)

The completion of a DPIA can help data controllers to meet their obligations in relation to data protection law. [Article 35](#) of the GDPR sets out when a DPIA is required.

Data controllers should periodically re-evaluate the risk associated with existing processing activities to understand if a DPIA is now required.

1.1 Identifying if a DPIA is required

The below checklist can assist organisations to understand if they require a DPIA pursuant to Article 35 GDPR to support their data sharing agreement. The questions should be answered in relation to the entire project that the data share corresponds to. This ensures that Public Service Bodies (PSBs) have the opportunity to be transparent in the evaluation of risks in relation to the data required for this process.

The completion of a DPIA is relevant to this data sharing agreement as you will be asked to provide a summary of any DPIA carried out in [Section 16](#) of this document.

The questions below should be completed by the Lead Agency together with the Other Parties involved in this data sharing agreement. Please contact your DPO in relation to the requirement to carry out a DPIA.

	DOES THE PROCESS INVOLVE:	YES/NO

The Parties will ensure that the Data Sharing Agreement remains fit for purpose, accurate and up to date.

The Parties will actively monitor and periodically review the data sharing arrangement to ensure that it continues to be compliant with data protection law, that it continues to meet its objective, that safeguards continue to match any risks posed, that records are accurate and up to date, that there is adherence to the data retention period agreed and that an appropriate level of data security is maintained.

The Parties must address all recommendations made regarding this Data Sharing Agreement by the Data Governance Board.

2.3 Details about the Purpose

Provide details of the particular purpose of this Data Sharing Agreement.

PURPOSE	DESCRIPTION
Table 2.2 – I, IV and V	<p>The DFA can issue Emergency Travel Certificates (ETCs) to persons meeting the relevant criteria necessary to obtain such certificates under the Passports Act 2008, as amended.</p> <p>This Data Sharing Agreement relates to children born outside the state through surrogacy who will travel to Ireland on an ETC. In order to issue an ETC, the DFA must be satisfied as to the identity of the applicant and the identity of their genetic father. As part of the ETC application process, the genetic father signs an undertaking to attend their local Health Service Executive health clinic with their child. He also acknowledges that the DFA will share this undertaking with relevant Government Departments, Offices and Agencies which, in the event of failure to comply with the undertakings, may take appropriate action to ensure that the child’s best interests are protected. The DFA is satisfied that it has a lawful basis to share this information with the other relevant</p>

	<p>Government Departments, Offices and Agencies noted above and agreements are not required under the DSGA process.</p> <p>The responsibility for health service provision within a specific geographical area lies with the Community Health Organisation. Therefore the National Primary Care Office will electronically forward the notification to the relevant Community Health Organisation for issue to the relevant primary care disciplines advising that a child is in a specific Primary Care Team (PCT) location to allow appropriate service arrangements.</p> <p>The commissioning adults will be advised by the passport officials that the child should be registered with appropriate services at their local health centre and they should seek access to services. The <u>Department of Justice 2012 guidelines</u> state that the commissioning adults (the intended parents or parent of the child (the adult(s) who will raise the child)) will provide a written undertaking that they will notify their local health centre of the child's presence within two working days on their arrival in the state. In this regard the Primary Care Team will be the first point of contact for the commissioning adult and child and will advise the commissioning adult of the full range of services recommended for the child. Issue of notification from the Community Health Organisation to the relevant PCT members will be progressed without delay in order to avoid confusion when the commissioning adult presents within the timeframe. This will be achieved by confirmation back to the National Primary Care Office that the local Primary Care Team has been thus advised. Local PCT members will need to ensure that the baby is registered for services as is the case for all babies.</p>

14. Withdrawal from Agreement

14.1 Procedure

Each Party commits to giving a minimum of 90 days' notice of its intention to withdraw from or terminate this Data Sharing Agreement.

Each Party disclosing personal data pursuant to this Agreement reserves the right to withdraw, without notice, access to such data where that Party has reason to believe the conditions of this Data Sharing Agreement are not being observed. Each Party disclosing data will accept no responsibility for any consequences arising from the exercise of this right.

Where the disclosing Party is subsequently satisfied that the conditions of the Data Sharing Agreement are being observed, access will be restored forthwith.

Where access to shared personal data is withdrawn, the withdrawing Party shall provide to the other Party reasons for that withdrawal as soon as is practicable thereafter. Where there are only 2 Parties, withdrawal by either one shall be considered a termination of the agreement. Where an agreement has multiple Parties and one withdraws, the Lead Agency should update the schedule and inform the other Parties to the agreement.

Where a Data Sharing Agreement expires or is terminated, the Lead Agency shall notify the Minister in writing within 10 days of the withdrawal. The Lead Agency shall also notify the Data Governance Board as soon as practicable after such expiration or termination, as the case may be.

14.2 Severance

If any provision of this agreement (or part of any provision) is found by any court or other authority of competent jurisdiction to be invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed not to form part of this agreement, and the validity and enforceability of the other provisions of this agreement shall not be affected.

15. Other Matters

15.1 Variation

No variation of this agreement shall be effective unless it is contained in a valid draft amendment agreement executed by the Parties to this Data Sharing Agreement in accordance with the procedures and requirements set out in Part 9, chapter 2 of the Data Sharing and Governance Act 2019.

15.2 Review of Operation of the Data Sharing Agreement

The Parties shall review the operation of the Data Sharing Agreement on a regular basis, with each such review being carried out on a date that is not more than 5 years from:

- i. in the case of the first such review, the date on which the Data Sharing Agreement came into effect, and
- ii. in the case of each subsequent review, the date of the previous review. A review under s.20(1) shall consider the impact of the technical, policy and legislative changes that have occurred since the date of the previous review under s.20(1).

Where the Parties to the Data Sharing Agreement consider that it is appropriate following completion of a review they shall prepare an amended Data Sharing Agreement to take account of the technical, policy and legislative changes that have occurred since the date of the previous review or the effective date. The amended agreement will be executed by the Parties in accordance with the procedures and requirements set out in Part 9, chapter 2 of the Data Sharing and Governance Act 2019.

15.3 Jurisdiction

This agreement and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation shall be governed by and construed in accordance with the laws of the Republic of Ireland.

15.4 Indemnity

The Party/Parties receiving data shall indemnify and keep indemnified the Party/Parties disclosing data, in full, from and against all claims, proceedings, actions, damages, losses, penalties, fines, levies, costs and expenses, whether direct or indirect and all consequential or indirect loss howsoever arising out of, in respect of or in connection with any breach by the Party/Parties receiving data, including their servants, of data protection requirements.

15.5 Publication

15.5.1 Public Consultation and publishing a Notice

Public Consultation is managed on behalf of the parties by the Data Governance Unit in OGCI0. Each of the proposed parties will be required to publish, on the same date as the consultation, a notice on their website that they are proposing to enter into the DSA. They should state the documents that are accessible to the public and link to their relevant DSA and DPO statements published on the public consultations website. This notice should invite submissions and include the date of publication of the notice.

15.5.2 Publishing Executed DSA

After each of the Data Governance Board recommendations have been addressed by the parties and after this Data Sharing Agreement has been signed by appropriate Authorised Signatories, the Lead Agency in respect of this Data Sharing Agreement shall publish a copy of the final agreement on a website maintained by it as soon as practicable after sending a copy of the agreement to the Data Governance Unit who will accept it on behalf of the Minister.

15.6 Base Registries

In respect of this Data Sharing Agreement, where the personal data disclosed is contained in a Base Registry, the Base Registry owner will take on the role of Lead agency.

16. Schedule A - Data Protection Impact Assessment

If a data protection impact assessment (DPIA) has been conducted in respect of the data sharing to which this Data Sharing Agreement relates, a summary of the matters referred to in [Article 35\(7\)](#) of the GDPR is required to be filled in the table below.

OR

If a data protection impact assessment has not been conducted as it is not mandatory where processing is not “likely to result in a high risk to the rights and freedoms of natural persons” ([Article 35](#) of the GDPR), outline the reasons for that decision in the table below.

DPIA		SUMMARY OF DATA PROTECTION IMPACT ASSESSMENT
Has been conducted [select appropriately]	<input type="checkbox"/>	
Has not been conducted [select appropriately]	<input checked="" type="checkbox"/>	<p>A DPIA was not deemed to be necessary as the processing of this data does not adversely impact on the rights and freedoms of the data subject.</p> <p>The DFA, as Lead Agency and in accordance with its own policies and procedures as a Data Controller, has conducted an evaluation in order to determine whether a DPIA is necessary. As part of this evaluation it considered that this processing was in place prior to 25 May 2018, that data is not being processed for a new purpose and no changes to how this data is processed have been made.</p> <p>The processing involves the data of a very small subset of applicants for an Emergency Travel Certificate and that information on the processing, including the sharing of information with the HSE, is available on the DFA website. The DFA and the HSE have applied the principle of data minimisation to the data being transmitted. Given the security measures in place, the means of transmission and subsequent storage any potential risk to the data or individuals is further minimised.</p> <p>It is on this basis that both the DFA and the HSE have concluded that there is not a need to complete a DPIA in relation to this processing.</p>

Table 9.0

Note: If the Data Sharing Agreement is amended to reflect a change in the scope, form or content of the data processing, then there is an obligation on the data controllers to consider whether the changes give rise to a high risk to the rights and freedoms of natural persons, such that a DPIA should be carried out.

Under [S.20\(4\)](#) of Data Sharing and Governance Act, an amended draft agreement must be submitted for review to the Data Governance Board in accordance with Part 9, Chapter 2 of the Data Sharing and Governance Act.

17. Schedule B

17.1 Necessary for the Performance of a Function

Outline the reasons why the disclosure of information under this agreement is necessary for the performance of the relevant function and explain why it is proportionate in that context.

The function of the Passport Service in the DFA is to issue Irish passports and Emergency Travel Certificates (ETCs) in line with the Passports Act 2008 as amended. In the case of a child born by international surrogacy the DFA receives an undertaking from the genetic father to assist in applying for ETC. This is in accordance with the principles contained in guidance issued by The Department of Justice in relation to international surrogacy and, in the case of the data shared with the Health Service Executive, to ensure that the child is presented at a Health Service Executive health care centre within agreed timeframes.

The function of The HSE is to convey information to relevant services in line with data regulations and policy to ensure services are delivered promptly.

Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller. The surrogacy notification contains basic demographic details as outlined in section 3. The process of verifying the child / children presented for services cannot be completed without this basic demographic detail and therefore this is necessary to perform the function. This is the minimum dataset required to meet the intended aim and therefore is proportional in this context.

17.2 Safeguards

Summarise the extent to which the safeguards applicable to the data shared under this agreement are proportionate, having regard to the performance of functions by the Parties and the effects of the disclosure on the rights of the data subjects concerned.

The DFA and the Health Service Executive's systems restrict access to the information only to required personnel and the shared information is further protected in transit and at rest by encryption controls. The data is only used for the purposes of performance of a function as outlined in section 4 & 17.1 above. The data received by the HSE is the minimum data set required for the performance of the function and the data is retained and subsequently destroyed in line with HSE policy. The HSE maintain the confidentiality of the data at all times.

All data retained and processed are subject to the DFA's data protection privacy policies.

18. Schedule C

18.1 List of Parties to this Agreement

Set out the names of all the Parties to the agreement.

As required under [S.21](#) (3)(a), (b) and (c) of the Data Sharing and Governance Act 2019, this Schedule must be updated by the Lead Agency to include any Parties who have joined the agreement by way of an Accession Agreement, and to remove any Party that has withdrawn from the agreement. The Lead Agency must notify the other Parties of any amendments to this Schedule and the Data Governance Board.

- Department of Foreign Affairs
- Health Service Executive

19. Authorised Signatory

This signatory has the role of accountability for the data sharing defined in this Data Sharing Agreement and holds the post of Principal Officer (equivalent) or above.
