

Tender Notice – Appraising Irish Aid’s support to the Tigray Regional Bureau of Health 2013-2018

The Embassy of Ireland seeks service from a consultancy company or individual to conduct an ‘End line Evaluation for a Health System Strengthening Project in Tigray Region’. From 2013 Irish Aid provided funding to the Tigray Regional Health Bureau to improve the health system of the region. Maternal and child health related infrastructure was constructed and renovated with matching regional government and community contributions.

Irish Aid requires consultants with a public health background, preferably at Masters/PhD level along with civil engineering expertise, experience in conducting similar end-line evaluation studies and with sound knowledge of Primary Health Care in Ethiopia and Tigray region. They will work closely with Irish Aid Health and Nutrition Programme Team.

The contract will be with the Embassy of Ireland in Ethiopia.

Tender document:

Interested and eligible bidders are invited to access the Terms of Reference (ToR) from our website. This is a re-advertisement – previous applicants can reapply.
