documentation submitted and it has been decided not to grant your application.

The Visa Officer has additionally considered the application under Section 1.12 of the Policy Document and has not found that the application as submitted has demonstrated through documentary evidence an exceptional set of circumstances that would suggest that the appropriate and proportionate decision on the visa application should be positive.

- It is noted that the sponsor in this case is a PhD student and therefore as per Section 16.4 of the Policy Document for Non-EA Family Reunification they are a Category A sponsor and eligible for immediate family reunification including being accompanied by family members on arrival. However the Visa Officer would have concerns with regard to the sponsor's ability to financially support minor child. Sponsor is a self-funded student in the State. The sponsor in the State and the applicant are said to be financially supported by the sponsor's spouse. Financial documentation submitted in support of applicant's visa application does not provide sufficient evidence of the sponsor spouse's ability to financially support the applicant in the State.

ID:- Insufficient documentation submitted in support of the application:- please see link to "Documents Required" as displayed on our website - [www.inis.gov.ie](http://www.inis.gov.ie)

- Documentation submitted does not show that the application meets the qualifying criteria as set out in the Policy Document on Non-EEA Family Reunification Section 17.6.  
- State registered attested/apostilled birth certificate not submitted.  
- Up to date evidence of college enrolment not submitted by sponsor in the State.  
- Up to date six month bank statements detailing lodgements and withdrawal and dates of same for all bank accounts not submitted by sponsors.  
- Explanation regarding lump sum lodgements and withdrawals in bank statements not submitted.  
- Insufficient evidence of consent from the applicant's father has been submitted with this application. No visa for a minor can be issued without proper evidence of joint consent or sole custody. If a child under the age of 18 is travelling with one parent/legal guardian, the consent of the other parent/legal guardian is required. This signed consent must be accompanied by a copy of the consenting parent/legal guardian's passport or national identity card which clearly shows their signature.

INCO:- Inconsistencies e.g. contradictions in the information supplied.

- Visa Officer is at odds to understand why the sponsor in the State did not submit a copy of her own bank statement from Bank Pasargad opened in her home country on 19/01/2019 when requested though she submitted same when applying for her visa and the applicant's first visa to the State. The sponsor stated when requested for an up to date copy of same that the sponsor and her spouse use the Bank Mellat bank account as a family.

PF/PR:- The granting of the visa may result in a cost to public funds and/or resources.

- Sponsor has failed to demonstrate that they meet the financial criteria as set out in the Policy Document on Non-EEA Family Reunification Section 17.6.

- The Visa Officer notes that the granting of a visa to a child of school going age could result in an immediate cost to the State in terms of educational costs with an obligation on the State to provide education to a school going child (estimated
